VIN DE FRANCE (RED)

The aim of the winery is that each cuvée should be a unique work, never made before, and never to be made again - each with its own moment or pleasure!

The idea of this wine is to deliver a great red wine from our Anjou Noir terroir.

GEOLOGY

Black, grey-green and sometimes purple schist rock of Anjou Noir.

GRAPE VARIETY

CULTIVATION METHOD

Our vines are cultivated in a traditional and selective manner. Soil maintenance is done mechanically without chemical weeding and our vines are protected using preparations made from natural products. The grapes are harvested by hand in small crates of 8/10 kg.

WINEMAKING

This cuvée is the result of a whole bunch maceration.

TASTING

The nose is surprisingly complex.
